

Arena construction Committee Meeting
Monday, June 13, 2016
6:00pm

A special meeting of the Arena Construction – Phase 2 – Committee met on June 13, 2016 at the Highgate Arena. The following members were present – Josh LaRocque, Ryan Maskell, Brian Spears, Karen Fortin, Don Gilbert, Heidi Britch-Valenta. VHV- Tim Valyou and Tom Dacres.

VHV was present to discuss the failure of the dehumidifier to meet the needs of the arena. The company that sells the units is out of business and they have failed to do what they were purported to do. They have been reliable in some situations but once the temperature drops to a certain point the unit trips off. VHV offered to fix the repair and donate their labor and parts if the Town would pay for the electrical work.

The electrical work was bid as \$7,400 but a cheaper rate would be pursued by local vendors.

The increased energy use of the coil to be added was estimated to be \$1,300.

Josh asked for electrical specifications. The board agreed to bring the issue to the Selectboard to get their input on the choice.

No further meetings were scheduled.

Respectfully submitted,

Heidi Britch-Valenta
