

**BUILD.**

Consulting for businesses, nonprofits, and the public sector on strategy, leadership, culture & change  
www.buildstrategiesconsulting.com

Dear Town of Highgate Business,

We invite you to the **Highgate Elementary School on Tuesday, June 12 from 6:00-7:30pm** for a public discussion regarding the future of the Machia property in Highgate and the Village Core Master Plan. The Steering Committee identified that ideas and feedback from businesses are especially relevant to this public parcel in the heart of the town.

The Town has contracted with a team of consultants to conduct a public engagement and conceptual design process focused on this parcel of land and how the Town might use this opportunity. The decisions that the Town makes regarding the parcel should reflect the values of the community and may contribute to Highgate's identity. In advance of this discussion please reflect on how this parcel's use and redevelopment can serve these interests.

There will be several opportunities for public input including a survey and two interactive public design sessions (charrettes) in September. Please join us for a discussion on Tuesday the 12th led by this team of consultants.

Please direct questions or RSVP\* by email to Nathan Suter [nathan@buildstrategiesconsulting.com](mailto:nathan@buildstrategiesconsulting.com)

Yours,

Nathan Suter  
Partner, BUILD.
